

FINDING THE BEST TRAINING FOR LEP STUDENTS

Fully translated courses can provide students with Limited English Proficiency (LEP) a high-quality learning experience. Even if a student speaks English fluently or wants to learn English, an LEP course may be a better fit to set the student up for success.

Requesting a Professional Interpreter:

If no LEP course is available in the student's area (50 mile radius), contact the Member Resource Center for an interpreter 3-4 weeks before starting Basic Training.

Bring a Community Interpreter:

Students may bring their own interpreter to class as long as they are over 18 and not the student's consumer. Reserve a class seat for the interpreter by checking "Bringing an Interpreter" when registering for the class.

To schedule a LEP Course, request an interpreter and translated course materials, or reserve a seat for a community interpreter, call the Member Resource Center at 1-866-371-3200 or email at MRC@myseiubenefits.org
