Welcome to the SRP

The SEIU 775 Secure Retirement Plan (SRP) is the first of its kind in the nation for home care workers. It was created to help provide you with additional financial security when you retire.

All About the SRP

The SRP is administered by Milliman. You can log in to your account at any time directly through myseiu.be/myplan-srp. When you log in, you can find details about the SRP, including how much is contributed to your account, your listed beneficiaries and where your money is invested. You are 100% vested (you own the full value) in your account.

You can also find details in the enclosed Summary Plan Description.
