

Advanced Home Care Aide Specialist Program Schedule

As an Advanced Home Care Aide Specialist, you will learn more skills to give care to your client with complex needs.

This training is just 1 day a week in class, plus online learning. When you attend and pass the class, you can get 12 Continuing Education credits and a pay raise if eligible.*

About Advanced Training

- Advanced Training is a total of 70 hours.
- You need to meet eligibility requirements to take Advanced Training. Contact your employer to confirm eligibility.
- You may use a device loaned from Benefits Group to complete the program. Information is available during the first day.
- **Examples of topics include:** problem solving, de-escalation, treatment and care plans, medication management, health literacy and client engagement.
